Q: Where is the documentation of the SpatialGraph object? The documentation of the R object has class documents and methods lists. R documentation I have searched the documentation of the Rspatialgraph package, but I have not found any documentation for the class SpatialGraph. I would like to add a reference for an answer, but I did not find it. Does anyone know where to find this documentation? A: You can take a look at the source code :

```
getSpatialGraph.r #' @importFrom sp package ggplot2 ## load packages library(RspatialGraph) library(ggplot2) ## 'Create a spatial graph' spGraph
```

Q: What determines whether a Test Suite has been executed? Let's say that I have a test suite, built by me using CppUnit. On my main executable, I have a simple function, which loads the test suite. It works fine, and I
