Because of cheating system these days, I have made an emulator for nexus 2.2.1. That means, it can emulate nexus 2.2.1 games. If you have any nexus 2.2.1 game and you want to play this game using emulator then follow these steps. First of all download emulator. Second you need to have your nexus 2.2.1 game on your system and. Emulator first launch will ask for Nexus 2.2.1 download type. You need to select either in game data or in your google drive. Download operation will stop here. It will ask for activation code and location where you want to save this activation code. Activation code means google account. In my emulator, I have only select drive option. In my emulator activation code will start save operation. Once operation is finished emulator will ask you to add your nexus 2.2.1 game on
