Hello, I've been trying to setup Open Asset Manager for iMovie. There's a message that there's no Image Inspector for OSX 10.5 and below. But the Open Asset Manager site does not mention that there's an upgrade for that. Could someone help me? Thank you. How to get this working on MAC OS X 10.6 Snow Leopard? It was running fine on my original Snow Leopard install on my mac mini but I upgraded to Snow Leopard and it doesn't work. I have installed all the libraries, and yet it won't run. Any advice would be greatly appreciated. I can provide more information if required. I have installed the 1d6a3396d6
