The Keymaker Free AMCap is not available for Mac but there are plenty of alternatives that runs on macOS with similar functionality. The most popular. Webcamoid, which is both free and Open Source.. Webcamoid is a full web camera suite. How to make this dish Make the flaky, herbed pastry and bake. Preheat the oven to 180°C. Sift the flour, salt, pepper and herbs together. Add the butter and rub between your fingertips. Mix in the ice-cold water and, using your hands, bring together into a ball. Turn out onto a work surface, knead briefly to bring together, then roll out to a large rectangle. Lightly brush a 20.5cm (8in) fluted tart tin or ovenproof dish with a little of the egg. Roll up the pastry and fit into the tin. Trim the edge and then prick the pastry base. Bake for 25 minutes or until golden brown. Meanwhile, heat a griddle or a non-stick frying pan over medium-high heat. Brush the cut sides of the asparagus with the remaining oil and season well. Cook until the asparagus tips are tender but still a little crisp, then turn over and cook the other side. Cut into equal-sized pieces and serve with the pastry. Make the flaky, herbed pastry and bake. Preheat the oven to 180°C. Sift the flour, salt, pepper and herbs together. Add the butter and rub between your fingertips. Mix in the ice-cold water and, using your hands, bring together into a ball. Turn out onto a work surface, knead briefly to bring together, then roll out to a large rectangle. Lightly brush a 20.5cm (8in) fluted

tart tin or ovenproof dish with a little of the egg. Roll up the pastry and fit into the tin. Trim the edge and then prick the pastry base. Bake for 25 minutes or until golden brown. Meanwhile, heat a griddle or a non-stick frying pan over medium-high heat. Brush the cut sides of the asparagus with the remaining oil and season well. Cook until the asparagus tips are tender but still a little crisp, then turn over and cook the other side. Cut into equal-sized pieces and serve with the pastry.
